CHAPTER I - INFORMATION

HOW IT WORKS

The Fall Semester of 2026 is approaching and the semester's welcoming program for the new students of Föreningen Ekonomerna at Stockholm University is called Fadderiet. From the start you are a "Micronomist" or "Macronomist". You, along with all the other new students, will be divided into 10 different teams. Each of the teams will have 4 designated Buddies who will be your team leaders. Any questions you might have will be answered by the buddies and they will also make sure that you receive all essential information regarding Fadderiet.

The teams will compete against each other throughout Fadderiet for the glory of becoming the winning team of this semester's Fadderi! The aim of Fadderiet is to earn points for your team through challenges and activities. The winner will be announced and celebrated during the final event of Fadderiet - Finsittningen!

We hope that you will join us for this fun and crazy ride that Stockholm's student life has to offer!

GOOD TO KNOW

- I. Even though this is a competition between the different groups, we are all a part of the same in the end - a part of Föreningen Ekonomerna!
- II. We have a zero-tolerance policy against drugs. If someone is seen using drugs, this person will immediately be excluded from Fadderiet.
- III. Alcohol is served during certain events during Fadderiet, especially during pubs and "sittningar". Those serving the alcohol in the bar (called PrU) are responsible for the serving of alcohol. If they feel that you are too drunk they have the right to refuse to serve you.

CHAPTER III - CAMPUS

CAMPUS

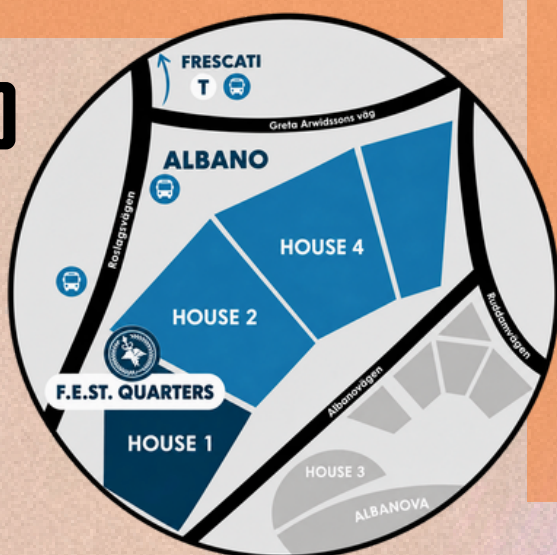

Campus Albano is a place with the ambition to gather activities within one university area. The campus is close to both Stockholm University and KTH. It is located beside the Kräftriket campus, close to Roslagsbanan's railway and only a few minutes away from Odenplan and Östermalm.

The construction of the new Campus Albano began in 2015. The Business Department is located in House 2 and the Union House is located in House 1, Floor 2, Zone C (see map below).

Albano is Stockholm University's newest campus.

It has approximately 1000 study places and group rooms that you can book. With its delicious snacks and food at Proviant, Pressbyrån and The Coffice, it's also the perfect place to meet and hang out with friends while studying!

ALBANO MAP

LITERATURE

To save money you can always buy your literature second hand. The Discussion Forum for Business Students is a frequently used Facebook group for business students at Stockholm University where you can buy and sell literature.

CAMPUSBUTIKEN

Located at Stockholm University's main campus Frescati. Here you will probably find most of the books that you are looking for.

CAMPUSBOKHANDELN

Located at the main campus Frescati next to juristernas hus. Here you can buy your books second hand but also brand new, as well as submit your old books for sale.

TRANSPORT TO CAMPUS

The bus stop is called Albano and the busses you can take are:

1. From Odenplan:
Bus 50 from Odenplan towards Stora Lappskärssberget.
2. From Tekniska Högskolan:
Bus 670 towards Vaxholm or bus 676 towards Norrtälje.
3. From Universitetet:
Bus 50 towards Odenplan, bus 676 towards Stockholm or bus 670 towards Tekniska Högskolan.

You can also walk from Frescati to Campus Albano

CHAPTER IV - SITTING SCHOOL

A sitting is a student dinner event full of traditions where all guests dress up according to a theme or dresscode. The "dinner" is usually a three course meal served with beer/wine, snaps and punsch. At a sitting there are rules to follow, songs to sing, competitions and gyckel (performances) to enjoy. After the dinner is finished, it is time to head to the long awaited afterparty!

RULES

You will be guided through the night by your Toastmasters. There is a 3- and 5 second-rule which states that you have to be silent within exactly 3 seconds from when the Toastmaster starts speaking...or 5 seconds if you are hitting it off with your dinner companion! It is very important to be respectful and pay attention when someone is on stage...otherwise a shame chair will be waiting.

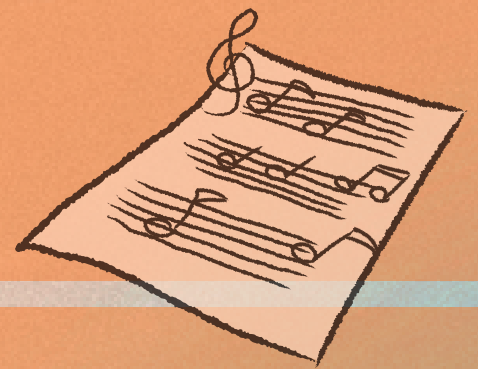

There will be two breaks during the dinner and this is the only time you are allowed to leave the table. If you feel there is a need to liven up the party you can shout "Ooohh... Tempo!" while hammering your hands against the table, the Toastmasters will then go up on stage again and proceed with perhaps another song.

You can use the same act to initiate a Bordsskål, by shouting "Ooohhh... Bordsskål!" after which you toast together with your tablemates.

SONGS

During sittningar, we always sing a lot of songs. But don't worry if you don't know all of them, you will find all songs in the Föreningen Ekonomerna Song Book, which will be available for you to purchase during Fadderiet!

Although each sitting has a unique set of songs, some are sung everytime. Each sitting always begins with "Portos visa". Then, during dessert "punsch" will be served. However, this is not free as you have to sing "Punschen Kommer" (The Punsch is Coming) and do a specific dance in order to earn the punsch. Every sitting also ends in the same way, by singing "O gamle klang och julbeldid", after which you leave your table as soon as possible. You may then head over to the bar if you are in need of further refreshments.

DRESS CODE

The dress code varies depending on what type of sitting you are attending.

The tradition from most Swedish Universities is to wear an overall or formal wear depending on where you study. Today in Föreningen Ekonomerna it is only PrU, our Social Committee, who wears overalls. Everyone else dresses in formal wear or costumes, according to the dress code.

For the Finsitting you should come properly dressed – either a suit or a formal dress. At Fulsittingen all students should wear a costume representing their groups theme.

CHAPTER V - FADDERIET FS26

CLASH OF THE GENRES THE FESTIVAL FACE-OFF

The stage is set. The lights are ready, the speakers are turned up, and the crowd is waiting. Teams have been formed, the competition is about to begin, and one question is echoing through the festival grounds: who will steal the show?

The first beat drops, the lights come on, and the face-off begins. Throughout Fadderiet, teams will go head-to-head in challenges, competitions and unforgettable events, all with one goal in mind: to prove that they have what it takes to be the best.

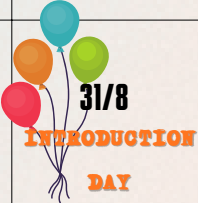

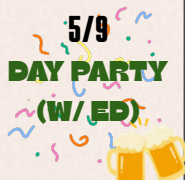

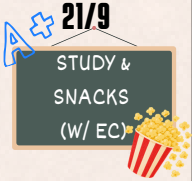

With that, we proudly present:
FADDERIET FS26: **CLASH OF THE GENRES – THE FESTIVAL FACE-OFF.**

The stage is cleared. The crowd is ready. The competition is on. When the final song plays, only one team will take the spotlight and claim the win.

Does your team have what it takes to steal the show?

FESTIVALBORG

Festivalborg is the biggest event of the Union, and during its four years, it has grown into a fun four-day celebration full of exciting events. Valborg is a traditional Swedish spring celebration held on April 30th, usually marked by bonfires, singing, and dancing. At F.E.St., we have our own version called Festivalborg!

We kick off with the pre-parties Skvalborg and Kvalborg to get everyone in the mood for the big day on April 30th. The Valborg Day party is packed with DJs, fun activities, photo booths, and a lively atmosphere where everyone, including friends outside the Union, are invited to join. The festival ends with Finalborg, a grand finale to wrap up the festival.

Whether you're here to party, meet new people, or simply enjoy the spring vibes, Festivalborg is the place to be for an unforgettable Valborg experience as part of the F.E.St. community!
